# Granford Mitts

*The idea for these mitts came from watching the recent BBC adaptation of Granford by Elizabeth Gaskell. This gentle drama, both humorous and touching took us into the lives of gentlewomen of a certain age living in reduced circumstances. I noticed that many of their costumes included delicate mitts which they wore to ensure warm fingers in their draughty houses. I have adapted this idea to create some warm but delicately lacy mitts to take the edge off chilly spring mornings.*

## **Pattern Notes**

These mitts will fit an average sized woman's hand.

The stitch pattern used is Horseshoe Pattern from Barbara G Walker's 'A Treasury of Knitting Patterns'.
